Patient Policy

Acct # _____

To help you receive our best, all patients are accepted for care understanding the following office policies.

Payment: Payment is expected when service is rendered. When unexpected health needs arise, unexpected expenses strike as well. Premier Sports Chiropractic understands this and can make special arrangements with an estimated monthly budget payment option. We accept HSA cards, debit cards, credit cards (Visa, Master Card, Discover and American Express), checks, and cash. There will be a monthly service charge for account balances that are past due.

Scheduling: Schedule all appointments in advance and refrain from repeated rescheduling. Any missed appointment should be rescheduled as a make-up visit within 7 days. **As of January 1, 2015 *Rescheduled, No Show and Cancellation* appointments that we are notified less than 24 hours in advance will result in a charge of $85.00.** Please help us serve you better by keeping your scheduled appointments.

Workshops: Our workshop schedule is posted on our website and on the white board in the office. Patients who attend these workshops get well faster and spend less money on health care over time. These workshops are designed to answer your questions and help you to improve and modify your lifestyle choices.

Cell phones: As a courtesy to our staff and other patients, turn off or silence your phone before stepping into the office. Please step outside if you must use your phone.

Food and Drinks: Please do NOT bring food and drink into the office.

Insurance: If you have insurance you must present your insurance card on your initial visit or at the beginning of a new year or at any time your insurance coverage changes. Account balances will always be delayed when dealing with insurance due to the time required for completion of claims processing. Due to the delay in processing by most insurance claims **we do not send out regular monthly statements** as your account balance will change based on insurance processing.

_____ Please access your insurance company online and print out your declaration page with details of your chiropractic benefits, co pay and or deductible.

Please check the box above when completed.

When a patient seeks chiropractic health care and we accept a patient for care, it is essential for both to be working toward the same objective. **Our practice objective is to eliminate Subluxations that create interference within your nervous system.** Your prescribed care plan is designed with this in mind. It is important that each patient understand both the objective and the method that will be used to attain our goal. This will prevent any confusion or disappointment. If during the course of chiropractic examination we recognize non-chiropractic or unusual findings, we will recommend that you seek the services of a health care provider who specializes in that area.
